

Dear Students,

This year for AOL and TNT we will be combining ages. Each group will still meet on their own nights, but each night will be open to Jr.-Sr. High school students. So really this will allow you more opportunities to be here learning about God, growing as Christians, and enjoying a good time playing games with friends.

Sunday night AOL will be a more focused lesson and worship driven night. This will give you an opportunity to praise God and learn more about him. Thursday night TNT will be more of a fun outreach type of evening. Here we will play games and maybe learn how to be a better friend to our friends and those around us.

I hope we can see you throughout this school year meeting here at the church with us. Also if you have any sports or band contests that you play in during the school year, let me know so that I can get to them and watch you play.

Thanks, and God Bless

Nathan Ratcliff
